OPERATION

Rotate myCON to navigate menus or adjust values.

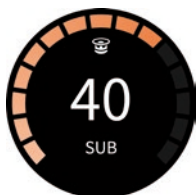

Press myCON to confirm selection.
Swipe up to go back to the previous step.
Tap on the screen to enter a menu.

HOME SCREEN

When **BTA-HD** is connected to your phone via Bluetooth for music playback, tap here to quickly enter the music screen.

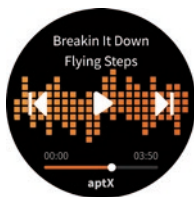

Tap **MENU** to access the menu options.

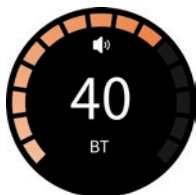

On the home screen, rotating myCON adjusts either the main volume or the subwoofer volume.

Note: The volume display and adjustment on the home screen can be set to either the main volume or the subwoofer volume. For detailed instructions, see section **Setting**.

MUSIC

Note: This function requires the use of the optional **BTA-HD** dongle at the DSP.

Rotate myCON to adjust the Bluetooth® input volume. The Bluetooth® volume is synchronized with the phone's volume.

INPUT

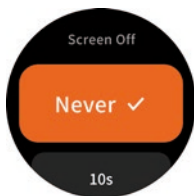

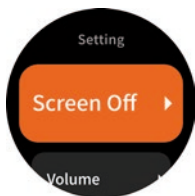

Select the input source of the DSP.

PRESET

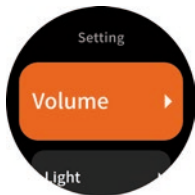

Select the desired preset of the DSP.

SETTING

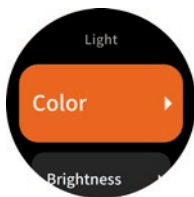

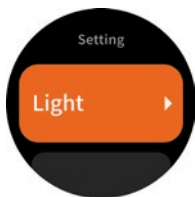

Select here when you want the screen to turn off.

Select whether to adjust the master or subwoofer volume on the home screen

LIGHT

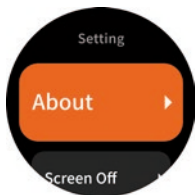

Select the ambient light color.

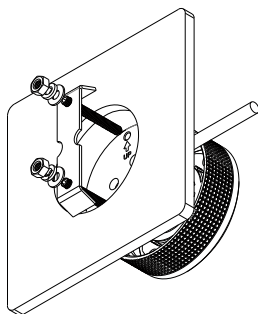

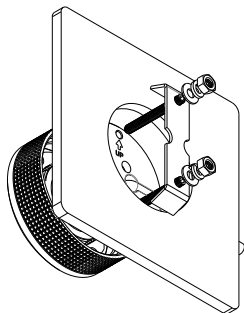

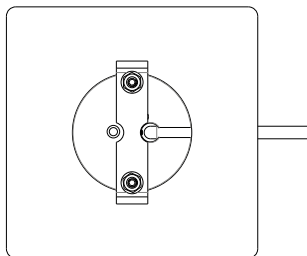

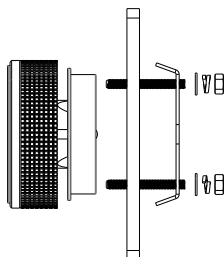

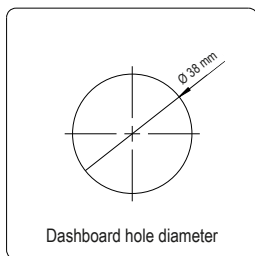

Adjust the brightness.

FIRMWARE

Check the firmware version of myCON.

MOUNTING

CE Declaration of Conformity

Audio Design GmbH hereby declares that the **MUSWAY** Smart Controller **myCON** complies with Directive 2014/53/EU. The full declaration of conformity can be viewed at www.musway.de/CE
